Media Release

Henderson Police seeking video footage following several car burglaries and auto thefts.

On May 29th, HPD received three separate auto theft reports. All 3 vehicles were taken in the overnight hours from May 28 to May 29. Additionally, several other cars had been burglarized. Two neighborhoods appear to have been targeted by the same suspects. The 1st area is north of Hwy 60 between Barret and Watson. The 2nd area is north of Zion Rd between Larue Rd and Spring Garden Rd.

We believe the suspects were captured on home camera systems at multiple addresses. We are asking everyone who lives in the highlighted areas to check their cameras for any suspicious persons or activities. If you have video, please contact us via 911 so we can dispatch an officer to your location.

Our overnight patrol officers have increased their patrols in the area. We encourage you to lock your vehicles, remove keys and key fobs, and to keep your valuables out of plain sight.
